

M-PLUS STORE :

Over View : M-Plus Store is one of the few components of Rxemed, a venture under Cross-Cut E Solutions Private Limited. It is a web application allowing it's worldwide users to shop for medicines as well as getting medicines delivered at doorstep. This application is very much suited and needed in the post-COVID world where social-distancing is the main concern of the government.

Features :

1. It has a chatbot which provides emergency as well as general guidance to the users of M-Plus Stores in issues of Health Care.
2. It provides 24 hrs 365 days of online shopping and shipping of medicines to the doorstep of customers.
3. It's associate components like Rx Tracker and others provide additional facilities to users.

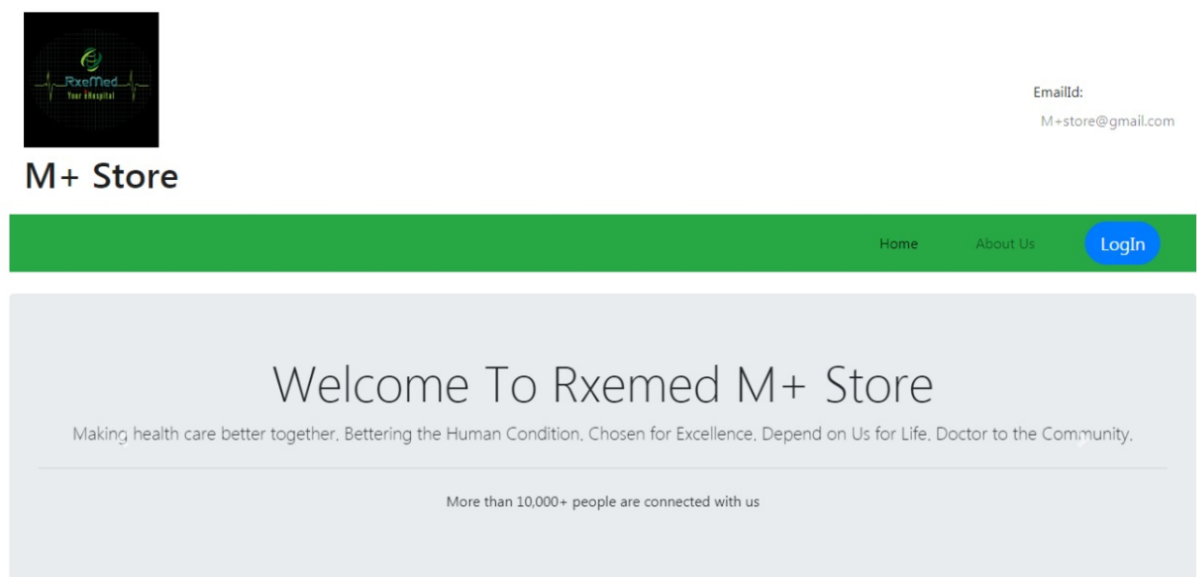

Design :

The system has 4 major components : (1) Frontend , (2) BackEnd , (3) APIs , (4) ChatBot.

Frontend :

It consists of the following UIs :

- (1) Home Page

(2) Login Page

(13) Upload Prescription

The screenshot shows the 'M+ Store' website interface. At the top, there is a logo and a navigation bar with links for Home, My Orders, About Us, SignUp, and Login. The main heading is 'Required in the Prescription'. Below this, a list of requirements is shown: Doctor and Clinic Details, Affirmation of medical practitioner, Medicine Details, and Clinic Official Seal. A file upload section includes a 'Choose Files' button and the text 'No file chosen'. A prominent blue 'Upload Prescription' button is located below the file selection area. The footer contains links for About, Contact, Terms of Use, and Privacy Policy, along with social media icons for Facebook, Twitter, and Instagram.

(15) Chatbot UI

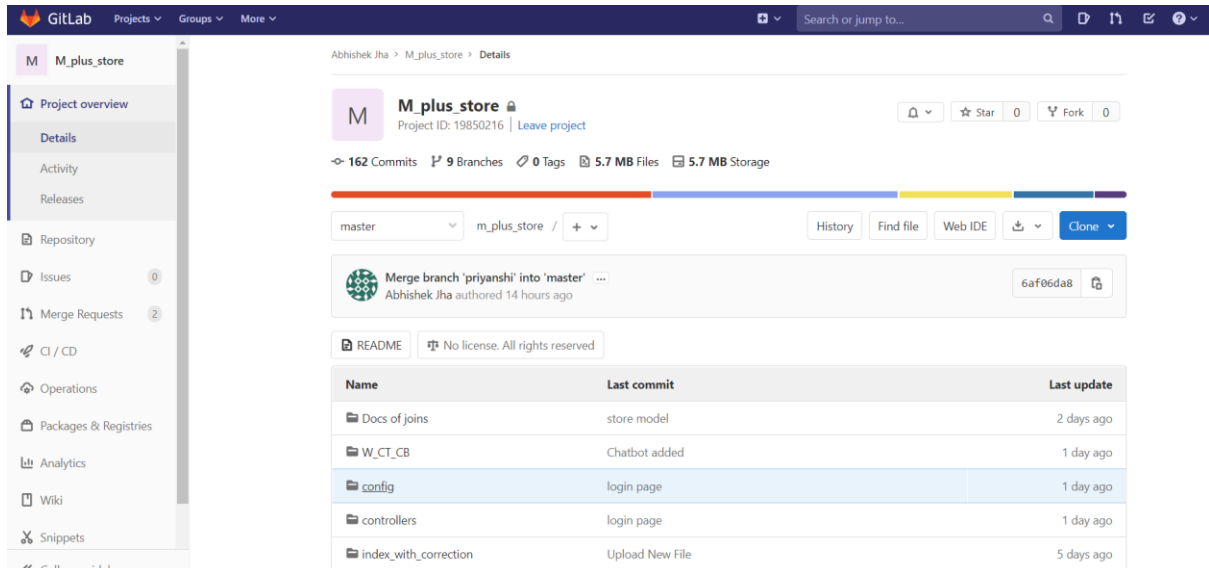

(2) BackEnd :

The Database has been designed on Sql WorkBench . Procedural queries and joins have been written in my sql.

(3) APIs :

They have designed in Node and consists of Controllers , Routes and Models . Visit https://gitlab.com/sololobo/m_plus_store to know more. The Routes have been designed to connect UIs together.

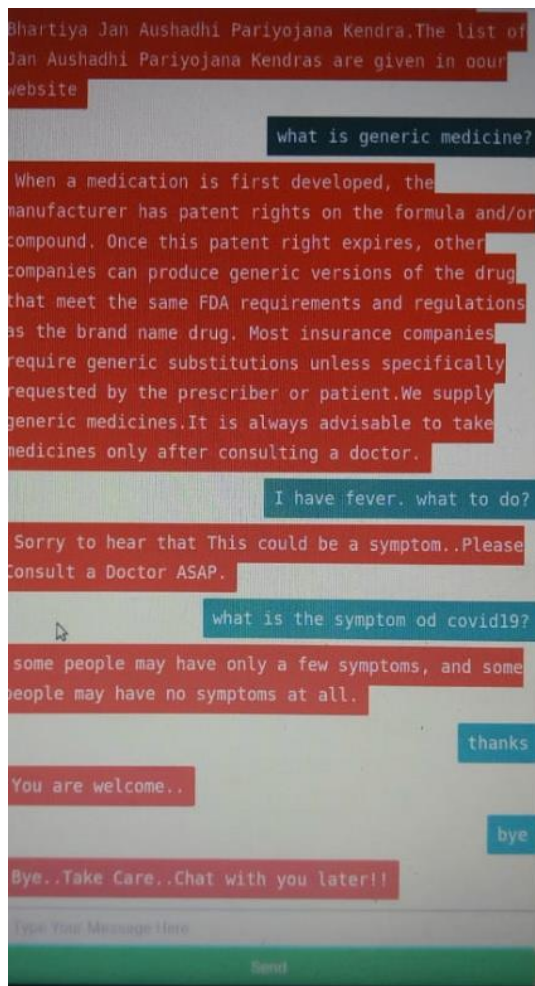

The screenshot shows the GitLab web interface for the project 'M_plus_store'. The left sidebar contains navigation links: Project overview, Details, Activity, Releases, Repository, Issues (0), Merge Requests (2), CI / CD, Operations, Packages & Registries, Analytics, Wiki, Snippets, and Collapse sidebar. The main content area displays the project details for 'M_plus_store' (Project ID: 19850216). It shows 162 Commits, 9 Branches, 0 Tags, 5.7 MB Files, and 5.7 MB Storage. A progress bar is visible below the statistics. The current branch is 'master', and the file path is 'm_plus_store /'. Below the progress bar, there is a merge notification: 'Merge branch 'priyanshi' into 'master'' by Abhishek Jha, authored 14 hours ago, with commit hash 6af06da8. Below the merge notification, there is a 'README' section with the text 'No license. All rights reserved'. At the bottom, there is a table listing the project's files and their last commit details.

Name	Last commit	Last update
Docs of joins	store model	2 days ago
W_CT_CB	Chatbot added	1 day ago
config	login page	1 day ago
controllers	login page	1 day ago
index_with_correction	Upload New File	5 days ago

(4) ChatBot :

In the initial stage of development, it could answer only questions related to Kidney diseases because of confined corpus. However Corpus has been increased and model trained accordingly to answer better.
